

THE DRAGON'S TALE

SPRING 2018

OFFICIAL NEWSLETTER OF THE NEBRASKA CHAPTER, THE ALPHA TAU OF BETA THETA PI

FINANCIAL SUPPORT STILL NEEDED

In last fall's issue of *The Dragon's Tale*, we made a request for support in funding The Experience Company (TEC). We appreciate what we've received from several alumni—it's a solid start—but **additional contributions are needed**. Here is why:

Need for Updated Communications, Alumni Information

Previous communications have been brief and mostly consisted of two annual issues of *The Dragon's Tale*. (Past issues are available at www.nebraskabeta.com/dragons-tale.) With our capital campaign and the renovation of our chapter house, a group of alumni believed we needed to take communications to a higher level. We had an almost non-existent database of alumni information, including contact information. Even the General Fraternity's database (which we often used) was out-of-date. For the past six years, we have made quantum leaps in establishing and maintaining an accurate database. Our updates have also been shared with the General Fraternity to improve their communications.

Scholarship Award Endowment

Further discussions centered on the need for alumni support for our undergraduates. From this, The Experience Company was born. While we have worked on several projects, the three main concentrations have been the mentoring program, internship program, and communications, including *The Dragon's Tale*. TEC also provides scholarships totaling \$2,000 to three undergraduates each semester. The scholarships are competitive, and those selected are expected to help maintain our database and website.

Essentially, this is a job that helps alumni and the chapter, while helping to finance the recipients' educations.

Publications and TEC Programs Funding

Additional expenses are incurred for newsletter publishing (about \$4,500 per year), the mentor program and training new mentors, our intern program (read about the successful experience **Josh Griesen '16** had with the program below), and a fall banquet (November in each of the last two years). The banquet is open to all alumni, undergraduates, and their parents to explain the benefit of each of TEC's programs.

Last November, we encouraged \$50 contributions from alumni, several of whom donated more. (Board members of TEC support the organization with significant monetary contributions, in addition to hours of efforts.) We also stated that we would make a pitch for funds in every fall issue of *The Dragon's Tale*. Our chapter has had a great run, but we must not rest on prior accomplishments. The future is in front of us, and we need support from **everyone reading this newsletter**. The Experience Company is a 501(c)(3) entity, and though there are income tax changes taking place, individuals who make contributions may be eligible for a federal deduction, if itemizing. A return envelope for your donation is included in this issue.

Thank you, for your understanding, emotional support, and for your anticipated financial gifts to Alpha Tau. You are helping to ensure what we're doing continues our legacy as a shining star in all of Beta Theta Pi.

ALPHA TAU CREATES STRONG CONNECTIONS JOSH GREISEN '16 IS HEADED TOWARD A PROSPEROUS FUTURE

Josh Griesen '16 entered the University of Nebraska-Lincoln as a sophomore in credit hours, having taken college courses in high school. He made plans to graduate in three years. His determined spirit drives him as a student and as a Beta brother.

When applying for admission to UNL, Josh already knew he wanted to major in marketing. He set his sights high as he worked on his goals. Three years later, in addition to his upcoming graduation, Josh will be receiving a certification of professional selling.

During recruitment and as he considered Beta, Josh looked to some older friends he knew from Omaha that were Betas. Their personal opinions and testimonials assured him that he would fit in well. "I

found out many of the members were engineers, pre-med majors, and a group of highly driven, sharp men. I knew my existing personal characteristics mirrored those of the tenacious members and I knew being surrounded by like-minded people would push me toward success."

"To capitalize on the opportunities Alpha Tau offered, I served as social chairman throughout my entire freshman year. This role matured my existing strengths and study focus, such as preparing for meetings, the execution of an event and maintaining follow-up schedules."

Josh was also a sales intern with Sandhills Publishing as an undergraduate, a part-time position that became full time

(Continued on page 6)

THE EXPERIENCE COMPANY REPORT

Our vision of putting Alpha Tau on the map as the top fraternity in the nation is finally coming to fruition. The Experience Company, founded in 2016, continues to produce groundbreaking work in placing our undergraduates with the best possible internships. We pair actives with alumni who can mentor, encourage professional growth, and offer invaluable guidance on their post-college journeys.

The Experience Company presently has 47 undergraduate-alumni pairings, with more to be made soon. This program has provided over 60 percent of the active chapter with a professional support system and network. Mentors and mentees maintain consistent communication with one another while setting mutual goals, discussing their top five Gallup strengths, and determining how to capitalize on these strengths in their personal and professional lives.

Through the alumni and professional network utilized by The Experience Company, 17 of our 25 undergraduate candidates have been successfully placed with internships for the summer of 2018, with the remainder to be placed by summer. The interns are offered various workshops to supplement their professional knowledge and give them an upper hand when applying to companies. These workshops offer résumé reviews, professional communications, business etiquette and interview preparation. Specific workshops are conducted by companies such as Ameritas Life Insurance Corporation, Hudl, Oath, and others.

Many success stories have materialized through the hard work and dedication provided by The Experience Company, none of which would be possible without the generous contributions and involvement of alumni, undergraduates, and parents. We encourage all of you to help foster the growth and success of Alpha Tau by contributing to this invaluable organization that has already provided over 70 members with prime job opportunities and crucial life skills. Additionally, if you would like to offer any potential internship/career positions, contact information, donations, or time in becoming an alumni mentor, please send an e-mail to experiencecompany@nebraskabeta.com.

Thank you for your contributions!

Yours in ____kai____,
The Experience Company
Undergraduate Team

PHILANTHROPY REPORT

Beta Theta Pi has taken the forefront in community involvement at UNL this academic year, organizing numerous philanthropic events. Alpha Tau wasted no time starting off the fall strong, hosting "Burger Bash" to support Lighthouse's after-school program in Lincoln. The custom make-your-own burger bar was a huge success, raising over \$6,000 to support Lighthouse's mission of providing a safe, educational environment for at-risk youth.

In February, we hosted a miracle family for Dance Marathon, UNL's day-long dance party benefitting the Children's Miracle Network and the Children's Hospital and Medical Center in Omaha. Landon, a child battling a malignant brain tumor, and his family came to speak at formal Monday night dinner to share their story and rally support for the event. Alpha Tau raised more than \$2,200 for the cause, and several of our members hold Dance Marathon positions and took on major roles with the logistics.

Alpha Tau held Backpack in Black on March 29, a battle-of-the-bands between Beta, Sigma Phi Epsilon, and Phi Delta Theta. The event drew over 500 attendees and supported Lincoln public schools' Backpack Lunch program through the Lincoln Food Pantry.

On April 19, we enjoyed Festa Italiana, an all-you-can-eat pasta feed at the Delta Delta Delta chapter house. Our brothers partnered with the Tri Deltas for the event, which raised money for the St. Jude Research Hospital in Memphis, Tennessee.

There are incredible things in store for Alpha Tau over the coming year, and I cannot express my excitement for opportunities to work alongside the 2018 executive team, and the rest of our chapter, to help make each of these events successful.

Yours in ____kai____,
Phil Holubeck '17, Philanthropy Chairman

CHAPTER COUNSELOR REPORT

The General Fraternity of Beta Theta Pi consists of 138 chapters and colonies all over North America. Alpha Tau has been a recognized example of an outstanding chapter for the past 15-plus years, as demonstrated by our Knox, Sisson and NIC awards.

As Nebraska's alumni chapter counselor and three-year member of the General Fraternity's Board of Trustees, it is good for alumni to be aware of the issues we face. The past few years have seen many university presidents question the value of the Greek system. Last year alone, there was a schoolwide shutdown or suspension of Greek activities for a period of time at about 30 universities. Some were due to hazing, alcohol abuse, assaults on women, or in a few cases, student deaths.

We are taking steps to move toward substance-free housing in all Beta living units. To date, over 30 North American chapters allow in-house drinking. (The Alpha Tau Chapter and the University of Nebraska do not allow alcohol or other drugs in approved living units. This is monitored to avoid any issues.) The General Fraternity plans to standardize member education programs for all chapters so that new

members will receive the same type of experience and, hopefully, eliminate or reduce the chances for hazing.

Challenges facing Greek organizations were addressed in the spring 2017 issue of *The Dragon's Tale*, which you may read at www.nebraskabeta.com/sites/betathetapi/files/Dragon%27s%20Tale%20-%202017%20Spring.pdf.

The next few years will be significant, as the landscape on college campuses changes. Beta Theta Pi and the Alpha Tau Chapter hope to be leaders in bringing about positive change within the Greek community.

The Daily Nebraskan, the campus newspaper, offered several articles on UNL Greek life in its April 2, 2018, edition. Visit <http://projects.dailynebraskan.com/greek-life/> to read more. **Tanner Haas '16**, last year's recruitment chairman, was quoted in this article. <http://projects.dailynebraskan.com/greek-life/recruitment/>

Yours in ____kai____,
Mike Wortman '67, Chapter Counselor
mwortman66@gmail.com

ALUMNI RELATIONS REPORT

Alpha Tau has entered an era of unparalleled alumni involvement, with several generations of successful Betas seeking opportunities to push the limits of greatness for our chapter. The Alpha Tau Chapter always appreciates alumni involvement, especially as you have taken initiative in mentoring our actives and connecting them with internship and career opportunities. Our alumni involvement is miles ahead of any chapter at UNL, and we couldn't be more thankful for the hard work you've put into building our prestigious chapter.

Whether you are just passing through town or live in Lincoln, we encourage you to stop by the chapter house for a formal dinner on Mondays at 5:30 p.m., followed by our chapter meeting at 6:15 p.m. Please contact me at least one week in

advance if you are interested in attending so that I may notify the chapter and make the necessary arrangements.

If Monday nights do not suit your schedule, feel free visit us any other time. We will communicate with alumni events in the months ahead to discuss any upcoming functions and our alumni recruitment event. Your support plays an integral role in the success of Alpha Tau. Look for emails or visit www.nebraskabeta.com/alumni as we prepare for another great year of sharing stories and connecting alumni with active members.

alumni@nebraskabeta.com

PRESIDENT'S REPORT

I am honored and humbled to serve as president of the Alpha Tau Chapter this spring, and to follow in the footsteps of phenomenal past presidents. I feel energized and confident as I lead our chapter over the year ahead. Because our chapter house is comprised of so many natural leaders and achievers, it is no surprise the Beta name is ringing loudly all across campus. We have gone above and beyond to maintain and improve our highly valued pillars of service, involvement, leadership, and academics.

It has been an exciting year for Alpha Tau, filled with many accomplishments from the active chapter. We secured the highest fraternity GPA on city campus with a 3.44. Three junior brothers were selected for Mortar Board Senior Honor Society:

Chase Caverzagie '16, Will Schulenberg '16 and me. **Nathan Goltz '16, Griffin Mims '16** and **Will Schulenberg '16** will serve as new student enrollment leaders this summer.

We spiced things up with our fall philanthropy and celebrated our first-ever Burger Bash. The event's beneficiary, Lighthouse, founded by **Pete Allman '76**, is an important fixture in the Lincoln community. The February Dance Marathon included 36 of our members, which you can read about further in the Philanthropy Report.

Our active chapter strives to never be satisfied with where we are; complacency is not an option in our chapter house and we are excited to see our forward progression this year. With the efforts of my fellow execs, Chapter Advisor **Mike Wortman '67**, District Chief **Mark Antonson '04**, and our many supportive alumni, we are well equipped to make these strides. Thanks to everyone involved in our successes; it is greatly appreciated.

Alpha Tau congratulates our graduating seniors, most of whom will receive additional schooling or enter the business world. We applaud them, and wish continued success in their new role as alumni.

Yours in __kai__,

John Pfeifer '16, Chapter President
president@nebraskabeta.com

RECRUITMENT REPORT

*Recommendations
Needed By June 15!*

It is an honor to serve as recruitment chairman for Alpha Tau this year. Recruitment is one of the most important roles of any Greek chapter, and we look forward to adding future leaders to our chapter and to the university. Recognizing how important this role is, we have two other members of the team, **Connor Boyens '18** and **Erik Goodwin '18**, who will be assisting me this summer. I am from Lincoln; Connor is from Omaha; and Erik is from Kansas City, Kan.

The main characteristics we will look for are driven young men with leadership potential and a desire to grow intellectually. In this pursuit, we hope to receive many recommendations from alumni. In order for the recruitment team to have ample time to engage with a potential new member (PNM), please have your recommendations submitted no later than June 15. Although no bid cards are guaranteed, every recommended PNM will have a guaranteed recruitment dinner.

We anticipate most of our recruitment will be completed by mid-July. View our schedule at www.nebraskabeta.com/recruitment and follow our efforts. We got off to an early start hosting a barbecue on March 3, when our chapter spent the evening meeting with PNMs during Greek Preview. The barbecue was a great way to commence the 2018 season, and we look forward to the upcoming events this summer.

Alpha Tau members are excited to get to work and very much want to hear from interested alumni. A recruitment form is located on page 6 of this newsletter. Please complete and return it with your recommendation(s).

Yours in __kai__,

Tyler Gill '17

Recruitment Chairman
(402) 405-6300

recruitment@nebraskabeta.com

Congratulations to Brothers Will Schulenberg '16, John Pfeifer '16, and Chase Caverzagie '16, who were selected to Mortar Board.

SCHOLARSHIP REPORT

Alpha Tau remained the top fraternity in GPA on city campus last fall with a 3.44, placing second to FarmHouse, which obtained a 3.59. Our chapter continues to stress grades and this was the first semester under a new GPA requirement of 2.9 for the entire chapter.

This 2.9 GPA is the new standard for all members of the Alpha Tau Chapter—not just initiates. This grade requirement increase is not meant to intimidate members, but rather to emphasize that we want to continue to push ourselves academically. Our goal as a chapter is to obtain a 3.5 chapter GPA in the spring 2018 semester. Our members are motivated to accomplish this feat and we believe this goal is attainable. There were six pledges who failed to make grades this year. Yes, this seems like a lot, but doing research through the past semesters, the now-sophomore class would have had five people not be initiated after the first semester of pledgship, and the now-junior class would have also had five. So the numbers may be scary but not inconsistent with what would have happened had the GPA requirement always been 2.9.

The scholarship team is working on being more hands-on with members this semester and in the future. To help accomplish this, the scholarship cabinet members and I signed contracts with those who had been placed on academic assistance plans. This will help in the effort to raise grades. We will be giving grade checks to the second semester pledges, and even going through and organizing weekly schedules for members having difficulty with organizational skills.

To make our current goal of a 3.5 GPA possible, we have to devote more time and effort to those who may be struggling. This devotion is what brotherhood is truly about and not simply an act to obtain recognition for having one of the best GPAs on campus. We don't want any brothers to fail and serving them however we can is how we can continue to succeed academically. We are excited to see how these changes improve the Alpha Tau Chapter.

Yours in ____kai____,
Kevin Woolworth '17
Scholarship Chairman

PLEDGE EDUCATOR REPORT

We welcomed 26 initiates to our brotherhood this spring. It is truly incredible watching the new initiates contribute in chapter meetings and to continual growth of the house. Recruitment will start in less than a month, and the new initiates are ecstatic at the opportunity to have a hand in welcoming a new pledge class, for which I will be responsible in the fall semester. We had, unfortunately, six pledges that did not make their grades for the fall semester. See the Scholarship Report. I am currently overseeing these second semester pledges and working with the scholarship team to ensure their success.

I cannot wait for the new pledge class, and am currently working to make improvements to the pledge program that will further emphasize songs, lore, and grades. Along with these classic Beta staples, I am also looking to set the base for a successful future outside of our collegiate years. The Experience Company is on the rise, and will be used as a motivating factor for the next pledge class to emphasize that now is the time to begin focusing on the future. This being said, these four collegiate years will be the best of the new pledges' lives, so I will make sure they take advantage of their freshman year and enjoy themselves, while adhering to the new 2.9 GPA requirements. It is my ultimate goal to have all pledges initiated after their pledge semester, which is a feat I believe can be accomplished with the help of our Chapter Counselor **Mike Wortman '67**. (If a pledge does not make his grades first semester, most are re-pledged for a second chance at meeting grade requirements.)

I am excited to collaborate with the new executive team in creating an environment of success and growth. I believe this executive team has the chemistry that will work together to ensure Beta Theta Pi remains the top house on campus. The support from the executive team, current chapter members, and our incredible alumni will make my job easier. I would also like to shoutout my mentor, Anna Pressler, for her continual support and ideas, which will help me reach my ultimate goal.

OUR MYSTIC SHRINE

J. William "Bill" Gibson '59 entered Our Mystic Shrine on December 29, 2017. After graduating from UNL, Bill entered the U.S. Air Force, where he would serve for five years and earn the rank of captain. After assignments in the Philippines, Japan and Vietnam, he returned to Lincoln, and obtained his master's degree. Bill and his wife, Barb, had two daughters, Michelle and Jennifer. After a 27-year career with Shell Oil, the family settled in Huntington Beach, CA. Bill maintained close ties to Alpha Tau throughout his adult life, lending his support to the chapter's capital campaign.

Several of his pledge brothers noted, "Bill was the glue that kept our pledge class together," or "When you met Bill, you just knew you were his unconditional great friend." From his funeral program, it was noted, "He made lifelong friendships with his fraternity brothers. The fraternity taught them to study, learn etiquette by their house mom, and be men of principle—respect leadership, choose to act responsibly, speak honestly, listen actively, and recognize and respect the worth of each person. These principles were followed in his life." Bill enjoyed playing golf, traveling, taking cruises, driving his Austin Healy and 1957 Chevy hardtop, and rooting on the Cornhusker football team. Bill was preceded in death by his brother, **Robert J. Gibson '64**. Bill is survived by his wife Barb of 42.5 years, and their two daughters.

Terry R. Carpenter '60 entered Our Mystic Shrine on January 19, 2018, after a lengthy battle with lung cancer. Terry was born in Iowa and played football in high school. His obituary noted that he had higher hurdles than most to afford his college education. He was working as kitchen staff at a sorority when he first met his true love, Jane. Terry credited much of his character growth to being a part of Beta. Terry served his country in the U.S. Navy, later transitioning to a career in the banking industry and became one of the country's youngest bank presidents. Following his retirement, Terry and his wife, Jane, moved to Richland, MI, where they founded a real estate company and continued to be staunch supporters of Alpha Tau Chapter and the capital campaign. His fraternal legacy was later carried on by his son, **Rob Carpenter '83**, who was featured in the fall 2017 issue of *The Dragon's Tale*, (<https://www.nebraskabeta.com/sites/betatheta-pi/files/Dragon%27s%20Tale%20-%202017%20Fall.pdf>), and his grandsons, **Tyler Carpenter '11** and **A.J. Carpenter '15**. Terry is survived by his wife, two children, and five grandchildren.

John E. Lahiff '61 entered Our Mystic Shrine on December 3, 2017. A resident of Farmington Hills, MI, John served as Alpha Tau's chapter president his senior year. He loved driving to campus in his Chevy Corvette and eventually carried his vehicular passion over to his professional career, working as an auto industry executive for many years.

One of his pledge brothers recalled that "he was always knowledgeable and sincere and will be missed." John retained strong ties to the Alpha Tau Chapter and was a supporter of our capital campaign. He is survived by his wife of 17 years, Jacquelyn, four children, and five grandchildren. He was preceded in death by two wives.

Steven W. Hilgenfeld '98 entered Our Mystic Shrine on November 7, 2017, at the University of Nebraska Medical Center in Omaha after a long battle with cancer. He graduated from Humboldt High School as class valedictorian. After completing his undergraduate degree, Steven began a 15-year career with Information Technology, Inc., and its successor, Fiserv, a financial services software company. In 2007, he married Stephanie, and moved back to his hometown of Dawson, NE, following the birth of the couple's first child. Steven was a previous Grand Master of the Humboldt Masonic Lodge and enjoyed woodworking, gardening, cooking and music. He will be remembered by those who knew and loved him as having always carried a positive attitude and an infectious sense of humor. Steven is survived by his mother, wife, and three living children. He was preceded in death by one child who Steve is holding in his arms in heaven.

ALUMNI NEWS

John C. "Jack" Craft '59 is the "Beta of the Year" as announced by the Kansas City Alumni Association. He is a graduate of the University of Nebraska-Lincoln, and Northwestern University Law School. He was an Assistant Missouri Attorney General and Assistant U.S. Attorney for the Western District of Missouri.

Jack has long been active in Kansas City politics and civic affairs, serving as chairman of the KC Port Authority; a director on the boards for Research Hospital, the Research School of Nursing, Citizen's for Missouri's Children, Family and Children Services of KC, and Friends of the Zoo; and a member of the executive committee and the board of directors of the Greater Kansas City Chamber of Commerce. Jack was chairman of the new Zoo campaign in 1990.

In 1987, Jack founded Craft Fridkin and Rhyne, LLC, a law firm which specialized in business and regulatory matters. On January 1, 2004, his firm merged its practice with Lathrop and Gage LLP. Jack and his wife, Karen, have two daughters and three grandchildren.

Jon Wendt '65 had a conversation four years ago, while waiting to tee off at Corte Bella Golf Club (Sun City West, AZ), about how a military veterans group would help bring the Corte Bella community together. Corte Bella Vets is now an established part of the northwest Phoenix area. The club is committed to helping veterans and active duty military and advancing the knowledge of veterans and their families. The organization has monthly meetings and over the last four years has donated over \$110,000 to worthy veterans-related charitable organizations.

Jon served in the United States Marine Corps after graduating from high school. He was named honor pledge at the end of pledgship at UNL. He used the GI Bill for his graduate work at Sam Houston State University. He became an FBI agent and served the Bureau with distinction until his retirement.

Jon commented that fellow Alpha Tau Betas Tom Colwell, Dick Elliott, Eric Lonnquist, and Bruce McKeag are also Corte Bella residents, and Eric and Bruce are pledge brothers. Jon also noted that other pledge brothers Bob Trotter, Bob Keim and Gary Frazer are in the Phoenix Metro area—as well as others who were in the chapter at the same time. Jon may be reached at jonwendt@cox.net.

JOSH GREISEN '16

(Continued from page 1)

due to Josh's successful performance. This internship led to an employment offer from Sandhills that Josh has accepted upon his May graduation; he will have exclusive sales territories in Indiana and Kentucky.

Josh also gained a mentor through The Experience Company mentor program, **Bill Dana '76**. Bill shared, "Josh is such a driven young man. His energy and innovations are incredible. I recall a meeting where I commented how setting short and long term goals is rewarding and helps to keep you focused. The next time we met, Josh had taken the initiative and made a list of goals that he wanted to share with me!" Bill says he has benefited as much, if not more, from their bond. "It's exhilarating to be around someone so full of energy, such a rock star, and so charismatic."

When asked about Bill, Josh affirms the bond by saying, "Bill and I have a lot in common. We both love to be on the lake, we are both from Omaha, and career-wise he is one of the most accomplished men I know. We both share an interest in sales and business. Our match has grown into a friendship more than a career oriented partnership. He offers me advice from a commercial standpoint but guides me in my day to day life. I feel his investment in my future comes from a pure desire to see me be a successful, whole and fulfilled man. I enjoy our regular contact through lunches, week-end hang outs, texts and phone calls. I know that Bill is always ready and available to offer his support. I anticipate our connection will continue to grow for years to come." Josh can be reached at jgreisen147@yahoo.com.
