

TEC Mission Statement

The Experience Company (“TEC”) was established to provide opportunities for leadership, professional experience, and personal growth to the undergraduate members of Beta Theta Pi at the University of Nebraska – Lincoln.

What is TEC?

TEC is a 501(c)3 non-profit organization that is owned and operated by the Alpha Tau chapter of Beta Theta Pi, and is supported by its active members, alumni, and parents.

Why It Matters to You

You have the opportunity to benefit from unprecedented initiatives that have never before been established in the fraternity ecosystem. You will have access to mentorship opportunities, internship and job positions, professional coaching, and a vast network of alumni and parents in virtually all fields of study.

Barrett Mooney – Mentorship Chair
Jarod Fox – Finance Chair

TEC Initiatives

Mentorship Program

The mentorship program pairs active members of the Alpha Tau chapter with alumni mentors to provide guidance and professional support. Mentor and mentee pairings often result in lifelong relationships, with mentors providing counsel, support, and assistance in professional development.

Internship Program

The internship program assists members in preparing for and obtaining professional opportunities, including internships and full-time positions. In an increasingly competitive world, the internship program provides candidates with an inside track when applying for roles, often including “warm” introductions to companies, letters of recommendation, and interview preparation.

Clifton StrengthsFinder Training

The backbone of TEC is built on the principals established by Don Clifton in his creation of the StrengthsFinder assessment. TEC supports formal training around the program in order to yield optimal results for undergraduates and their families.

Parents Program

TEC is increasingly engaging parents of the undergraduate chapter, creating an immense network that will grow in perpetuity.

Database Management

TEC is working to professionalize the Alpha Tau chapter’s contact database, providing streamlined contacts and intangible value for all stakeholders.

Strategic Fundraising

TEC assists in supporting strategic fundraising initiatives for the Alpha Tau chapter. This includes the creation of scholarship and memorial funds, as well as capital to support internal TEC initiatives.
